

Anish

AI Engineer

anish@example.com | +91 9936717919 | Hyderabad, India

PROFESSIONAL SUMMARY

AI Engineer with 3.2 years of experience building LLM-powered applications, computer vision systems and deep learning pipelines.

TECHNICAL SKILLS

Hugging Face · Python · NLP · LLMs · Prompt Engineering · Deep Learning

WORK EXPERIENCE

AI Engineer — Wipro (1.6 yrs)

- Built a RAG-based internal knowledge assistant using LangChain and a vector database.
- Implemented prompt-engineering workflows to improve LLM response accuracy by 20%.

Associate AI Engineer — QBurst (1.6 yrs)

- Built a RAG-based internal knowledge assistant using LangChain and a vector database.
- Fine-tuned a transformer model for domain-specific document classification.

EDUCATION

B.E ECE — Anna University / Affiliated College, Tamil Nadu
